

Pioneer Bands Uniform Info Sheet—read and save!

 **Measure yourself before band registration.**

 **Input your measurements online in the band reg. form.** This is very important! We give you a uniform based on the sizes you put down on the form.

 Men- if you aren't sure what jacket size you wear, we'll have some sample jackets out during registration which you can try on for size.

 **Try the uniform on** when you get it (time is provided for this). If it's the wrong size, let us know. We will try hard to get you a better fitting uniform. We may not have your exact size, but we'll do our best to get you into one that fits reasonably well.

 **You can change the hem** on the pants, jacket or dress, but don't cut the hem. Leave the hem intact for the next guy or gal who gets it and may be taller than you are. Check out the drawings on the right for optimal lengths of various parts of your uniform.

 **Do any repairs you can do** yourself (think sewing on buttons) but if you get into a tricky repair, contact one of us for help. Our contact numbers are below.

Marching Information
